| Commercial | Institutional |
| Industrial | Parks |
| Mixed Use | Utility |
| Agricultural | Undeveloped |
| Forest | ROW |

A Future Land Use map is a community's guide to future planning. It is meant to be a map of what the Village would like to see happen. It is not the same as a zoning map or official map, and is not a prediction of the future. Potential Areas of Land Use Conversion are areas potentially changing from the existing land use as shown on the Existing Land Use map. Cross-hatched areas marked by numbers are further explained in the Land Use Element of the Plan.
